

Accessories and spare parts

LH Lift manufactures accessories and spare parts for three point linkages for use by OEM clients, retailers and end customers. All of our products are manufactured from durable and wear-resistant materials and are surface-finished carefully to ensure a long lifespan.

Examples of accessories manufactured by LH Lift:

- Top link balls
- Top link hooks
- Lower link arm heads
- Lower link arm balls
- Repair kit for telescopic stabilizers
- Lower link arm stabilizer eye mounts
- Lower link arm stabilizer inner and outer shafts
- Lower link arm stabilizer pins
